Directions to Old Frederick

Take US 29 north to the T-intersection at the traffic light on MD 99 (Old Frederick Road). Turn right and continue 0.6 mile to a traffic circle. At this intersection Old Frederick Road makes a ninety degree turn north (MD 99 become Rogers Avenue.) Go three-quarters of the way around the circle to Old Frederick Road and continue 0.9 mile gradually dropping downhill to the river. Just after crossing the railroad tracks and before crossing the river, turn right into a gravel parking area.
