- Common Yellowthroat: 4
- Eastern Towhee: 2
- Song Sparrow: 1
- Scarlet Tanager: 3
- Northern Cardinal: 10
- Indigo Bunting: 12
- American Goldfinch: 18

Comments:

Connecticut Warbler had a complete eye ring, grayish throat, yellow under tail, light yellow on belly, no wing bars, entire back and wings brownish green, and large size compared to a nearby Common Yellowthroat. A probable SECOND Connecticut Warbler was seen the same afternoon which had different field marks.
