

# Howard County Bird Club

**A Chapter of the Maryland Ornithological Society**

## *In Memoriam*

### **Anne Dowling (d. 1987)**

Anne Dowling's interest in birds was kindled when she purchased the home of former club member Bob Herndon. The feeders the Herndons left became sources of interest and pleasure for Anne and her husband. The open space behind their Columbia house was home to a pair of Red-shouldered Hawks which they watched. Hummingbirds became a special interest. The chapter received several memorial donations, most from Anne's co-workers at Social Security where she served as liaison with the national medical community.
